

Name _____

The Hidden Island Adventure

Short Answer Key

1. The Seaview Explorers were motivated to begin their adventurous journey to the hidden island by the discovery of a mysterious map in Alex's grandfather's attic.
2. The explorers deciphered the clues on the old map by pooling their resources, gathering supplies, and following the map's directions, which included navigating eastward, then north, and finally west.
3. The initial discovery the explorers made when they arrived on the hidden island was a lush, tropical paradise. It filled them with wonder and excitement, setting the tone for their expedition.
4. The Seaview Explorers came to realize that the island's true treasure was not material wealth but experiences and friendships they had formed. This realization changed their perspective, making them value their adventures and relationships more than any gold or jewels.
5. The explorers had a memorable encounter just as they were about to leave the island when a pod of dolphins appeared, leaping and frolicking in the boat's wake, bidding them farewell.
