

Name _____

Horses' Daily Habits and Behaviors

Short Answer Key

1. Horses graze for many hours to get enough nutrients from plants.
2. The lead mare is the dominant female horse that leads the herd.
3. Horses communicate using body language, sounds, and facial expressions.
4. Horses need space to stay fit and express natural behaviors like running and playing.
5. Being part of a herd helps a horse feel safe since there are more eyes to watch for danger.
