

Name _____

The Water Cycle Odyssey: How Long Does It Take?

Short Answer

1. Explain the difference between the short-term and long-term cycles of the water cycle.
2. How does temperature affect the speed of the water cycle, and why do deserts have short cycles?
3. Provide an example of how human activities can impact the water cycle.
4. Describe the importance of geography in influencing the duration of the water cycle.
5. Why is it important to understand the timeline of the water cycle for various regions?
