Unraveling the World of NGOs: How They Differ from Government Agencies

Open-Ended Response Answer Key

1. Answers will vary, but students may choose causes like environmental conservation, education, healthcare access, or poverty alleviation. They should provide a brief explanation of their chosen cause and why it's important to them.
2. Possible answers include volunteering, fundraising, spreading awareness, or participating in local NGO initiatives.
3. Students should provide an example of a real NGO project and explain why they find it inspiring. Answers may vary widely.
4. Answers may include improved efficiency, expertise in specific areas, innovative solutions, and increased public involvement in addressing societal issues. Students should explain their reasoning.
