

Name _____

The Silent Threat: Understanding the Impact of Air Pollution on Human Health

Open-Ended Response Questions

1. How does air pollution affect children differently than adults, and why are children more susceptible to its effects?
2. Discuss one strategy that individuals can take to reduce their exposure to air pollution and protect their health.
3. What are some long-term health implications of air pollution exposure, and how can society address these issues?
4. Why is it important for policymakers to take action to reduce air pollution, especially in densely populated urban areas?
