The Fury of Nature and Human Resilience

Amidst serene landscapes, nature's wrath can brew,

In the blink of an eye, destruction it can spew.

Earthquakes that shake the very ground,

Hurricanes with furious winds that astound.

Volcanoes erupting with fiery might,

Floods that engulf in the darkest night.

Tornadoes twisting through the air,

Leaving devastation and despair.

But in the face of chaos, people unite,

Their courage shines through day and night.

Communities rebuild, hands extend,

A testament to the strength that will never end.

Though nature's fury is a force to fear,

Human resilience is always near.

Together we stand, in the aftermath's glow,

Rebuilding what's lost, our spirits aglow.
