

Name _____

The Midnight Intruder

Open-Ended Response Answer Key

1. The author created a sense of suspense and tension by describing the intruder's movements and actions, as well as the characters' reactions to the mysterious events. The use of descriptive language and pacing added to the suspense, making readers anxious to discover the intruder's identity and motives.
2. The friendship between Alex and Sarah evolved as they faced danger together and worked collaboratively to unravel the mystery. Alex's curiosity and observation skills complemented Sarah's tech-savviness, making them an effective team. Their shared determination to uncover the truth strengthened their bond.
3. The intruder's motive for searching for the missing scientist's invention might be related to its value and potential impact. The invention could hold groundbreaking technology or information with significant implications, such as advanced scientific knowledge or a powerful discovery. Its potential to change the world could involve advancements in various fields, from science to industry.
4. The title "The Midnight Intruder" reflects the central theme of the story, where a mysterious intruder disrupts the protagonist's ordinary life and sets in motion a series of events filled with suspense and intrigue. The midnight setting adds an element of darkness and mystery, highlighting the thriller genre of the story.
