## Island of Secrets

### Short Answer Key

1. The crew was divided into factions on the deserted island due to food and water shortages, which led to tensions and divisions among them.
2. Professor Bennett kept the knowledge of a hidden treasure a secret because he feared that revealing it would lead to chaos and conflict among the crew.
3. Jack kept the discovery of the cave's supplies a secret because he feared that sharing them would lead to chaos and a rush to claim the limited resources.
4. The crew's cooperation and unity contributed to their survival on the island by allowing them to combine their skills and resources. It was important because they needed to work together to overcome the challenges they faced.
5. They learned valuable lessons about trust, cooperation, and the importance of revealing their true selves.
