

Name _____

Jane Goodall: Champion of Chimpanzees and Conservation

Short Answer Key

1. Jane Goodall was inspired by her love for animals and her dream of studying them in Africa.
2. Jane Goodall gained the trust of the chimpanzees through patient and immersive fieldwork, allowing her to observe them closely without causing them distress.
3. Jane Goodall's discovery of chimpanzees using tools challenged the belief that only humans had this capability and expanded our understanding of animal intelligence.
4. The Jane Goodall Institute is dedicated to protecting chimpanzees and their habitats, promoting wildlife conservation, and empowering communities to make positive changes for the environment.
5. Jane Goodall's advocacy work has raised awareness about the threats faced by chimpanzees, such as habitat loss, and has inspired people to take action for wildlife conservation.
