

Name _____

The Joys of Childhood

Short Answer Key

1. Answers may vary. Possible examples include playing with friends, exploring nature, or celebrating holidays.
2. Childhood is compared to a "treasure chest" because it holds memories of innocence and wonder, like precious treasures.
3. Nostalgia for childhood can provide comfort by reminding us of simpler and happier times. For example, thinking about the joy of playing with childhood friends can bring solace during stressful moments.
4. The statement means that our experiences and memories from childhood shape our character and values as adults. It's important to recognize this because it helps us understand how our early years influence our decisions and perspectives in life.
5. Childhood is the foundation upon which we build our lives, and it is also our source for our resilience, and where we begin to form our dreams.
