

Name _____

Kangaroo Reproduction and Care

Short Answer Key

1. Male kangaroos compete by boxing with each other using their front paws.
2. A kangaroo's pouch provides warmth, protection, and a place to nurse the joey.
3. A joey is about the size of a jellybean when born.
4. Joeys stay in the pouch for safety and to continue developing.
5. Kangaroos can sometimes care for two joeys at different stages of growth.
