

Name _____

The Daily Life of Koi Fish

Short Answer Key

1. Koi are diurnal, which means they are most active during the day.
2. Living in groups, or schools, makes koi feel safe and helps protect them from predators.
3. Koi explore their environment by swimming among plants, rocks, and other features in their pond.
4. Koi use body language, like nudging or bumping, to communicate with each other.
5. Koi are popular pets because they are interactive and often come to the surface when people are nearby.
