

Name _____

Hardships of the Industrial Revolution: Working Conditions and Labor Struggles

Short Answer

1. Describe the working hours and conditions experienced by many factory workers during the Industrial Revolution.
2. What types of dangers did workers face in factories due to the lack of safety regulations?
3. How did low wages impact the lives of workers and their families during this period?
4. What role did child labor play in the workforce, and how did it affect families?
5. Explain the significance of early labor movements and their contributions to workers' rights.
