

Name _____

Ladybugs: How They Communicate

Open-Ended Response Questions

1. Why do you think ladybugs use scents instead of sounds to warn predators?
2. How might the bright colors of a ladybug help other ladybugs, not just scare predators?
3. Imagine you are a scientist studying ladybugs. What would you want to learn about how they communicate?
4. How do you think the ways ladybugs communicate help them survive in different environments?
