## Land Lost

### Open-Ended Answer Key

1. Tribes could have maintained their cultural traditions and worked together to use the land effectively, leading to less loss of land and resources.
2. It helps us recognize the struggles Native Americans faced and understand the importance of protecting their rights and traditions.
3. Governments should consider the needs and traditions of all communities and avoid forcing people to change their ways of life.
4. It divided communal land, encouraged individual farming, and forced cultural changes, which disrupted traditional ways of life.
