

Name _____

The Amazing World of Volcanoes and Lava

Open-Ended Response Answer Key

1. (Answers may vary) Example: They might look for signs like earthquakes and changes in gas emissions from the volcano.
2. (Answers may vary) Example: I would want to see the lava, but from a safe distance, and maybe learn about the rocks.
3. (Answers may vary) Example: It's important so that people can stay safe and know what to do if a volcano erupts.
4. (Answers may vary) Example: I would feel scared but also amazed by the power of nature.
