Lens Magic: Exploring Different Types of Camera Lenses

Open-Ended Response Questions

1. Imagine you are a wildlife photographer. Describe a specific situation where you would use a telephoto lens, including the type of wildlife you'd like to capture and the advantages of using such a lens.
2. Select an everyday object around you (e.g., a coin, a flower) and explain how you could use a macro lens to capture its intricate details and textures.
3. Describe a creative photography project where you would use a wide-angle lens to capture unconventional and eye-catching perspectives, and what effect you hope to achieve.
4. Provide an example of a photograph where the use of a fisheye lens could transform an ordinary scene into a visually striking and unique image. Explain how the lens choice would contribute to this transformation.
