## The Life Cycle of a Rabbit

### Open-Ended Response Questions

1. Why do you think rabbits grow and develop so quickly compared to some other animals?
2. What challenges do wild rabbits face during their life cycle, and how do they overcome them?
3. How might a rabbit's life cycle be different if it lived in a very cold or very hot environment?
4. If you were caring for a pet rabbit, what would you do to help it live a long and healthy life?
