

Name _____

Wingspan of Time: Exploring the Lifespan of Birds

Open-Ended Response Questions

1. Discuss how environmental factors such as habitat loss and pollution can impact the lifespan of birds.
2. Can you explain why some birds, despite their potential for long lifespans, may not reach their maximum lifespan?
3. How might human activities such as deforestation and urbanization affect the longevity of birds in different habitats?
4. What are some conservation efforts that can help protect birds and ensure their survival in the wild?
