

Name _____

Lionfish: Where Do They Call Home?

Open-Ended Response Questions

1. Why do you think coral reefs are an important habitat for many ocean animals, not just lionfish?
2. How does the lionfish's ability to adapt help it survive in new areas?
3. What do you think could happen to coral reefs if lionfish populations keep growing?
4. If you could create a plan to stop the spread of lionfish, what would it involve?
