

Name _____

Lionfish: Where Do They Call Home?

Short Answer Key

1. Lionfish originally come from the Pacific and Indian Oceans.
2. Lionfish prefer to live in coral reefs.
3. Coral reefs provide hiding spots and plenty of food, such as small fish and shrimp, for lionfish.
4. Lionfish have caused problems by eating too much and not having natural predators in new areas, which harms local fish and coral reefs.
5. Lionfish can also survive in rocky areas and seagrass beds.
