## What Does a Monkey Look Like?

### Short Answer Key

1. The pygmy marmoset is 5 to 6 inches long and weighs 3 to 5 ounces.
2. A mandrill has blue and red markings on its face and bright colors on its bottom.
3. A prehensile tail can grab branches and hold on, like a fifth arm.
4. Monkeys use their hands to climb trees, grab food, and even use tools.
5. The proboscis monkey has a very large nose.
