

Name _____

The Magical Acorn

Short Answer Key

1. The magical acorn was a seed that glowed with an enchanting light. Its significance lies in its power to grant Lily the ability to communicate with animals and plants, fostering a deep connection between her and the natural world.
2. Lily used her ability to communicate with animals and plants to help the forest by healing sick animals, helping wilted flowers bloom, and teaching the villagers the importance of living in harmony with nature.
3. Lily taught the loggers the importance of preserving the forest and convinced them to spare the ancient oak tree by sharing her knowledge and using her ability to communicate with the animals and plants.
4. The oak tree granted Lily a small acorn, which she planted in the heart of the village. It grew into a magnificent tree that provided shade, shelter, and a reminder of the magic of nature.
5. The story conveys the message that cherishing and protecting the natural world is essential. It emphasizes the importance of living in harmony with nature, fostering a deep connection with it, and recognizing the value of preserving the environment for future generations.
