

Name \_\_\_\_\_

## Marching Together

### Short Answer Key

1. Ants leave scent trails to communicate directions to other ants.
2. Teamwork helps ants find food, build structures, and defend themselves from danger.
3. Some ants collect food, others protect the colony, and some take care of the young.
4. The passage explains that persistence means not giving up when faced with obstacles, just like ants finding new ways to move forward.
5. The song shows how ants work together and never stop, just like in the passage.
