

Name _____

Mark Zuckerberg: The Visionary Behind Facebook

Short Answer Key

1. Mark Zuckerberg displayed a remarkable aptitude for computers and programming from a young age. His parents encouraged his interests, and he had already created several software programs by the time he was in high school.
2. Facebook expanded beyond Harvard University to include other universities and eventually the general public, becoming a global social networking platform.
3. Some key innovations introduced by Facebook under Mark Zuckerberg's leadership include the News Feed, the Like button, and Facebook Marketplace.
4. The Chan Zuckerberg Initiative, established by Mark Zuckerberg and Priscilla Chan, focuses on addressing global challenges in areas such as education, science, and criminal justice reform.
5. Mark Zuckerberg has appeared before Congress and worked to implement changes to improve data privacy and user trust on Facebook.
