

Name _____

Metallica: Masters of Metal

Short Answer Key

1. Metallica's music is characterized by intense guitar riffs, powerful drumming, and lyrics that explore themes like war, justice, and personal struggles.
2. In 1991, Metallica released their self-titled album, often referred to as "The Black Album," which propelled them to mainstream success.
3. Cliff Burton's tragic death led to Jason Newsted replacing him as Metallica's bassist.
4. "St. Anger" is significant for its raw and unpolished sound, showcasing a different musical direction for the band.
5. Metallica's live performances are legendary, featuring elaborate stage setups, pyrotechnics, and an electrifying atmosphere.
