What Causes Weather Events Like Tornadoes, Hurricanes, or Blizzards?

Open-Ended Response Answer Key

1. Yes, I was in a snowstorm and had to stay home. We made sure we had food, water, and blankets.
2. Because it helps people know how to stay safe when dangerous weather happens.
3. I would study hurricanes because I think it's interesting how they form over the ocean and grow so big.
4. They can stock up on food, have emergency supplies ready, and listen to weather warnings.
