## The Midnight Carnival

### Short Answer Key

1. Sarah encountered a haunted carousel that spun backwards, a hall of mirrors reflecting ghastly apparitions, and a sideshow tent with bizarre and macabre performances.
2. The Midnight Carnival was a place where the souls of the damned were trapped, tormented by its sinister power. The malevolent figure at the carnival's center was Mr. Malachi, the ringmaster.
3. Sarah's confrontation with Mr. Malachi led to the closing of the portal to the alternate dimension and the release of trapped souls. Cedarville was forever changed, haunted by the memories of the horrors that had occurred under the carnival's spectral Ferris wheel.
