

Name _____

The Hive Mind Crisis

Short Answer Key

1. The hive mind virus can connect people's thoughts and emotions into a collective consciousness controlled by Nemesis.
2. The three main heroes are Sarah (a neuroscientist), Max (a hacker), and Aiden (a diplomat skilled in negotiation).
3. Sarah, Max, and Aiden encounter deadly challenges, uncover shocking secrets in the underground world of hackers, and test the limits of their own minds.
4. They believe it's important to preserve individuality and diversity to demonstrate that the hive mind has limitations and that these qualities are strengths worth protecting.
5. The underground world of hackers and tech-savvy rebels plays a role by assisting the heroes in their mission and opposing the hive mind society.
