## The Mystery of the Missing App

### Short Answer Questions Answers

1. Tim and Sarah found the app intriguing because it promised to predict the future.
2. The app's predictions became increasingly absurd as they continued to use it.
3. Tim's theory was that the app was predicting a parallel universe's future because of the absurd predictions it started making.
4. Tim and Sarah located the developers of the app by discovering a hidden message within the app's code that invited them to a secret meeting at the local arcade.
5. The resolution of the mystery was that the developers admitted to creating the app for fun, and they decided to shut it down.
