Disconnect to Reconnect: Why Mobile Phones Don't Belong in Classrooms

Open-Ended Response Questions

1. Describe a specific situation in which a mobile phone distracted a student in the classroom and explain how it affected their learning experience.
2. Discuss the potential long-term consequences of excessive screen time on a student's physical and mental health, providing examples to support your explanation.
3. Explain how mobile phones can lead to social isolation among students during school hours and discuss the importance of social interaction for their development.
4. Share your thoughts on how teachers can effectively manage the classroom when mobile phones are allowed, and provide examples of strategies that can be employed to minimize disruption.
