## The Melodic Moonstone

### Short Answer Key

1. Mia discovered that she could capture notes from the air with the moonstone, and each note had a different magical property. Notes of joy made people laugh uncontrollably, notes of healing brought instant relief from pain, and notes of courage filled hearts with bravery.
2. A music producer offered to make Mia a global sensation, but it meant giving up the moonstone. It was a difficult choice because Mia had to decide between fame and the responsibility of her magical gift.
3. Mia resolved the dilemma by forming a band of talented musicians who could also harness the moonstone's power. Together, they traveled the world, spreading melodies of joy, healing, and courage while keeping the moonstone's magic accessible to everyone.
4. Mia's music became a symbol of unity and hope, bringing harmony to Harmonyville and the world, inspiring people to come together.
5. Mia learned that true magic lay not only in her gift but in using it to create a better world for everyone and staying true to herself.
