Eco-Friendly Wheels: Are Electric Vehicles More Expensive than Gasoline Vehicles?

Open-Ended Response Questions

1. In your opinion, do you think the long-term cost savings and environmental benefits make electric vehicles a better choice than gasoline vehicles? Explain your reasoning.
2. Can you think of any other incentives or benefits that could encourage more people to switch to electric vehicles?
3. How might the decreasing cost of batteries for electric vehicles impact their adoption in the future?
4. What do you think are some challenges that electric vehicle manufacturers still need to overcome to make EVs even more attractive to consumers?
