

Name _____

The Marvel of Mummification: Ancient Egyptian Preservation

Short Answer

1. Explain the significance of the natron in the mummification process.
2. Describe the role of canopic jars in ancient Egyptian mummification.
3. What were some of the items placed in the tomb along with the mummy, and why were they included?
4. How did the level of mummification and burial items reflect the social status of the deceased?
5. Why did ancient Egyptians believe that the soul needed a preserved body in the afterlife?
