A Tribute to Nature's Fury

Open-Ended Response Answer Key

1. Answers may vary, but people affected by the natural disaster likely felt fear, confusion, and loss during the event and a mix of emotions afterward, including sadness, resilience, and hope.
2. Real-life examples of natural disasters and heroism may include stories of firefighters, first responders, and community members helping one another during events such as wildfires, hurricanes, or earthquakes.
3. It is important for people to come together and support each other during difficult times because unity and strength can provide emotional and practical assistance, making it easier to recover and rebuild.
4. A community might rebuild and recover after a devastating natural disaster by working together to repair homes, infrastructure, and public spaces. Support from outside resources and organizations may also be crucial in the recovery process.
