

Name _____

The Art of Nest Building: A Bird's Architectural Masterpiece

Short Answer Key

1. Birds use materials like twigs, grasses, mud, feathers, and even human-made items like paper and plastic to build their nests.
2. Some birds build their nests in trees, on the ground, cliffs, and man-made structures.
3. A scrape nest is a nest built on the ground using materials like grass and twigs.
4. Both the male and female birds typically build the nest together.
5. After the eggs hatch, the parents continue to care for the chicks, providing them with food and protection.
