

Name _____

Virtual Reality Voyage: Exploring New Worlds

Open-Ended Response Answer Key

1. Answers may vary. (e.g., I would visit ancient Egypt to see the pyramids being built and learn about their culture.)
2. Answers may vary. (e.g., I'm on an underwater adventure, swimming with colorful fish and exploring a sunken ship. I'm discovering hidden treasures and learning about marine life.)
3. Virtual reality can change the way we learn and explore by allowing us to travel to places we couldn't visit in person, interact with historical figures, and conduct virtual science experiments.
4. Answers may vary. (e.g., Once I went on a virtual reality adventure to the moon, and I learned about the Apollo missions and what it's like to walk on the lunar surface.)
