

Name _____

The Role of Stockbrokers and Online Trading Platforms in Stock Trading

Short Answer

1. Explain the role of stockbrokers in helping investors make informed decisions.
2. Describe one advantage of using online trading platforms in terms of accessibility.
3. What are some factors an investor should consider when deciding whether to work with a stockbroker or use an online trading platform?
4. How do online trading platforms empower investors to have greater control over their investments?
5. Provide an example of a situation where an investor might prefer to work with a stockbroker rather than use an online trading platform.
