## Supporting Bright Minds: A Day in the Life of an Education Paraprofessional

### Open-Ended Response Questions

1. Imagine you are an Education Paraprofessional working with a student who struggles with reading. How would you provide support to help the student improve their reading skills? Provide an example of a strategy you might use.
2. What are some challenges Education Paraprofessionals might face when assisting students with behavioral difficulties, and how can they overcome these challenges?
3. How does the role of an Education Paraprofessional contribute to creating a supportive and inclusive classroom environment that benefits all students?
4. Can you think of a real-world scenario where an Education Paraprofessional's support had a significant impact on a student's academic progress or emotional well-being? Describe the situation and the Education Paraprofessional's role in it.
