## Pigeon's Feelings

### Short Answer Key

1. His wings go up, his eyes get bigger, and he moves faster as he becomes more frustrated.
2. The bigger and bolder words show that he is yelling and losing control.
3. He feels excited again because he sees a truck and immediately starts thinking about driving it.
4. He is determined and always looking for the next opportunity to get what he wants.
5. The pictures show his facial expressions, body movements, and even the size of his speech bubbles to help the reader understand his emotions.
