Pigeon's Next Plan

The ending of *Don't Let the Pigeon Drive the Bus!* is one of the funniest moments in the book. After spending the entire story begging, bargaining, and throwing tantrums to drive the bus, the pigeon finally gives up. He sits on the ground, looking defeated. His eyes are droopy, and his feathers are slumped. He sighs, knowing that his dream of driving the bus is over.

But just when it seems like the story is over, something hilarious happens—the pigeon spots a giant truck! Suddenly, his eyes grow huge, and his feathers perk up. His disappointment vanishes in an instant, replaced by a brand-new idea. Instead of feeling sad about the bus, he immediately starts dreaming about driving the truck!

This ending is funny for a few reasons. First, it shows that the pigeon never really learns his lesson. After all his failures, instead of realizing that birds shouldn't drive, he just moves on to an even bigger and more ridiculous goal. This makes readers laugh because they know exactly what will happen next—the pigeon will try all over again, using the same silly tactics!

Second, the illustrations add to the humor. The pigeon goes from looking miserable to super excited in just one page. The way his eyes widen and his beak stretches into a huge grin tells readers everything they need to know—he's already planning his next attempt. It's a perfect surprise ending that makes kids giggle because they can predict what's coming.

This clever ending also sets up the possibility of a sequel. What if the pigeon really did try to drive a truck? What new tricks would he use to convince people? What if he aimed even higher, like flying a plane or sailing a boat? By ending the book with a new challenge, the author leaves readers wanting more, making them wonder what the pigeon will try next.

In the end, the pigeon's persistence and wild imagination make the story fun and unforgettable. Even though he doesn't get what he wants, he never truly gives up—he just finds a bigger, crazier dream to chase. And that's what makes the ending of the book so funny and perfect for a sequel!
