Name _____

Cracking the Code: Mastering the Art of Pitching in Baseball

Open-Ended Response Questions

1. In your opinion, which type of pitch do you think would be the most challenging for a batter to hit, and why?

2. Imagine you're a pitcher preparing to face a tough batter. What strategies would you use to try and strike them out?

3. Describe a scenario where a pitcher's mental game, rather than their physical skills, made a significant difference in a baseball game.

4. How might a pitcher adjust their strategy when facing different batters with varying strengths and weaknesses?
