

Name _____

The Pop Star Prank

Open Ended Questions Answers

1. Social media played a significant role in spreading Sam's prank, as it allowed them to create a fake persona, share fictional stories, and engage with Crystal Star's fans. The rapid dissemination of information on social media platforms contributed to the success of the hoax.
2. Sam's prank can be considered harmless as it did not cause physical harm or serious emotional distress to anyone involved. However, it did disrupt Crystal Star's performance and may have momentarily disappointed some fans. The impact on the community was mostly positive, as it brought laughter and entertainment.
3. The story suggests that humor and pranks can be a source of joy and entertainment, as long as they are harmless and bring people together. It highlights the idea that laughter is a unifying force and that we should not take ourselves too seriously.
4. Answers may vary, but students should describe a harmless prank that would bring joy and laughter to their community and explain its intended effect. They should consider the potential impact on people's moods and interactions.
