The Mysterious Prankster Vanishings

Open-Ended Response Answer Key

1. If I were a member of the Prankster Detective Club, I might approach the investigation by interviewing potential witnesses, reviewing security camera footage (if available), and trying to find any patterns or clues left behind by the prankster. Additionally, I might consider setting up a trap to catch the prankster in the act.
2. The lesson learned from this story is that pranks are meant to bring joy and laughter when shared with others. Keeping pranks to oneself doesn't allow others to enjoy the fun. It's important to create a sense of community and laughter by sharing humor and not hoarding it.
3. Whether Mr. Jenkins should be allowed to join the Prankster Detective Club as an honorary member would depend on the club's rules and values. If the club values inclusivity and believes that Mr. Jenkins has learned from his actions, he might be allowed to join. He could contribute by sharing his experiences and offering advice based on his mischievous past.
4. A possible prank to celebrate the return of the stolen pranks could be a surprise prank party for Mr. Jenkins. The students could organize a lighthearted and harmless prank that brings everyone together in laughter and fun. For example, they could fill his office with balloons, symbolizing their acceptance and appreciation for his love of pranks.
