

Name _____

Pruning and Caring for Your Fruit Trees and Bushes

Open-Ended Response Questions

1. Share your personal experience with pruning and caring for fruit trees or bushes, if any, and discuss any challenges you've encountered and lessons you've learned.
2. Imagine you have a small backyard garden with a peach tree and a blueberry bush. Describe the specific pruning and care tasks you would undertake for each plant, and explain the reasons for your choices.
3. How can proper pruning and care practices for fruit trees and bushes contribute to a more sustainable and eco-friendly garden?
4. Research and describe one common pest or disease that can affect fruit trees or bushes. Discuss preventive measures and treatments to address this issue.
