## Exploring the Exciting World of Quality Control Inspectors

### Open-Ended Response Questions

1. Imagine you are a Quality Control Inspector at a bakery. How would your daily tasks differ from those of a bicycle inspector? What unique challenges might you face?
2. Can you think of an example where a Quality Control Inspector's attention to detail prevented a defective product from reaching the market? How do you think this benefited both the company and the customers?
3. Suppose you found a defect in a product during your inspection. How would you approach providing feedback to the production team? What steps would you take to ensure the issue is resolved?
4. Why do you think Quality Control Inspectors are vital in industries such as healthcare and aerospace, where safety is of utmost importance?
