

Name _____

What Is a Raccoon's Life Cycle Like?

Short Answer Key

1. A raccoon usually has 2 to 5 kits at a time.
2. At two months old, raccoon kits leave the den with their mother to learn survival skills.
3. Young raccoons leave their mother in the fall to establish their own territories.
4. Challenges raccoons face in the wild include predators, disease, and food shortages.
5. In captivity, raccoons can live up to 20 years.
