## The Magical Dance of Rain and Snow

### Open-Ended Response Questions

1. Imagine you are a raindrop falling from the sky. Describe your journey from the cloud to the ground in detail.
2. Think about a snowy day you've experienced. Describe the feelings and emotions that snowfall evokes in you.
3. Investigate the impact of different types of precipitation on the environment and daily life. How might rain, snow, sleet, and hail affect people and ecosystems differently?
4. Suppose you could change one thing about the way precipitation works. What change would you make, and how do you think it would affect the world?
