Name _____

Crafting Your Research Paper: A Step-by-Step Guide

Open-Ended Response Questions

1. How would you go about choosing a topic for your research paper? Provide at least two strategies or considerations.

2. Imagine you've written a research paper and received feedback from a friend. They mentioned that your thesis statement is not clear. How would you revise your thesis statement to make it clearer and more effective?

3. In your own words, describe the difference between a citation and a reference in a research paper. Why are both important?

4. Share one or two specific strategies you use for gathering information and conducting research for your papers.
