Name _____

# The Role of a Rhinoceros in the Ecosystem

**Open-Ended Response Questions**

1. Why is it important to save rhinos even if they are not predators?

2. What would happen to grasslands if rhinos disappeared completely?

3. How do rhinos' actions, like digging for water or creating trails, benefit smaller animals?

4. Imagine you are part of a conservation team. What strategies would you use to teach people about the importance of rhinos?
